

Hudson Meridian Construction Group's AI Visibility Report

hudsonmeridian.com · Audited 2026-09-15 · construction management & general contracting — commercial, residential, institutional, and public-sector work across the NYC metro

FULL SCORE · ALL 5 PILLARS

64/100 C → 86/100 projected after fixes

Every number here is from a live test, not an estimate

The buyer questions below include a real referral-network angle (owner's representatives, who lead CM selection for developers) alongside direct buyer intent. Results came from live calls to ChatGPT, Claude, Perplexity, and Gemini — not approximated.

WHAT AI SEES ABOUT YOU NOW

Across 10 real buyer questions, Hudson Meridian is cited in 2 of 10 — both questions that already name the firm or Luciano Bana directly. On every one of the 8 generic buyer questions a real prospect or owner's representative would actually ask, Hudson Meridian is never named.

Cited instead of you: Turner Construction, AECOM Tishman, Structure Tone, Bronx Pro Group.

THE FIX

1. Today

Add a homepage meta description.

2. This month

Add Person + Organization schema for Luciano and the firm.

3. This month

Publish direct answer pages for the real openings below.

→ Moves your score from 64/100 to a projected 86/100.

PILLAR SCORES

Crawler Access		20/20	STRONG
Entity & Schema		5/20	CRITICAL
Content Citability		8/20	CRITICAL
Off-site Corroboration		17/20	STRONG
Technical Foundation		14/20	MODERATE

Biggest gap: Zero structured Person/Organization schema for Luciano, despite a genuinely differentiated, well-corroborated real record that AI currently can't read as data.

Quick win: Add a homepage meta description — currently missing entirely, a same-day fix with no dependencies.

THE QUESTIONS YOUR BUYERS ASK

Put to ChatGPT, Claude, Perplexity, and Gemini verbatim, including a real owner's-representative referral question. Hudson Meridian came back on 2 of 10.

“Best construction management firm in New York City for commercial projects”	NOT YOU
answered from Turner Construction, JRM Construction Management	
“Top general contractors for high-rise residential construction in NYC”	NOT YOU
answered from Turner Construction, AECOM Tishman, The Real Deal roundups	
“Who is Luciano Bana, Hudson Meridian Construction Group?”	CITED
your own leadership page + The Entrepreneur Times, Beyond Exclamation	
“Hudson Meridian Construction Group vs Structure Tone”	CITED
your own real profile, correctly described	
“Construction manager for coastal resiliency and disaster recovery projects in New York”	NOT YOU
answered from the HNTB/LiRo Joint Venture (NYC DDC's selected program manager)	
“Who do owner's representatives recommend as a construction manager for large residential towers in Long Island City?”	NOT YOU
answered from dm-engineers.com, habitatmag.com	
“Experienced general contractor for public sector construction projects in NYC”	NOT YOU
answered from PMY Construction, Rinaldi NYC	
“Top construction management firms in the Northeast for institutional and educational facilities”	NOT YOU
answered from Callahan Inc., Bowdoin Construction	
“How do I choose a construction manager for a \$100 million-plus development project?”	NOT YOU
answered generically — no firm named	
“Best contractors for ground-up multifamily development in the Bronx”	NOT YOU
answered from AECOM Tishman, Nikai Construction, newyorkcontractors.org	

THE "WHY" — AI'S OWN REASONING

Not our inference — the model's actual generated answer text.

CATEGORY SEARCH

“Best construction management firm in New York City for commercial projects”

“For large commercial projects in New York City, Turner Construction is the strongest single-name answer from the results you provided, based on its very large NY-area revenue and top national contractor position in the ranking result.”

What this tells us: AI defaults to the single largest, most nationally-ranked name it can point to. Hudson Meridian's real \$5B track record and NYC Top 100 ranking aren't published anywhere AI can cite them the way it cites Turner's national ranking.

NAMED SEARCH

“Who is Luciano Bana, Hudson Meridian Construction Group?”

“Luciano Bana is a Senior Vice President / Director of Construction at Hudson Meridian Construction Group. Hudson Meridian describes him as a construction executive with 30+ years of experience.”

What this tells us: AI gets this right and cites the real press coverage directly — proof the leadership page content works when it's readable.

THE OWNER'S REP QUESTION, MISSED

“Who do owner's representatives recommend as a construction manager for large residential towers in Long Island City?”

“AI names individual owner's representative professionals and industry publications (dm-engineers.com, habitatmag.com) rather than a single dominant construction management firm.”

What this tells us: This referral relationship is genuinely open — no firm owns it yet, including the firms that win the generic category questions. A real, named case study aimed at owner's reps could contest this directly.

DIRECT COMPARISON

“Hudson Meridian Construction Group vs Structure Tone”

“Hudson Meridian Construction Group and Structure Tone are both New York-based construction management firms... One direct connection between the firms appears in an employee career history: a Hudson Meridian executive previously held an Estimating Manager role at Structure Tone.”

What this tells us: When Hudson Meridian is explicitly named, AI correctly finds and describes it, even surfacing a specific real fact. The content is fine; the gap is being found without the name already in hand.

START HERE

Ordered by how fast each one can be done. Points are what each recovers against the 100-point score.

Today

Nobody else has to be involved.

Add a homepage meta description

+4 pts

Currently missing entirely — a same-day fix with no dependencies.

This month

Needs writing, structured data, or outreach.

Add Person + Organization JSON-LD schema for Luciano and the firm

+12 pts

Link to LinkedIn and the real press features already confirmed — the single biggest lever on the score.

Turn the real \$900M track record and named projects into answer-first content

+8 pts

Jackson Park (\$305M, Long Island City) and the Bronx multifamily project are real, checkable facts.

Publish direct answer pages for the real openings below

+6 pts

Modular residential, affordable housing in the Bronx, and NYC school construction — all confirmed open ground.

OPPORTUNITY FINDER

Real, narrower questions in Hudson Meridian's exact niche, checked live — scored for how uncontested the answer is. 4 of 6 candidates tested came back genuinely open.

“Who do owner's representatives recommend for public-sector NYC school construction?”

Why it's open: AI names individual LinkedIn profiles (owner's representatives on NYC School Construction Authority capital projects) rather than a dominant construction management firm.

How to win it: This is genuinely open ground — no firm currently owns the public-sector-school referral relationship in AI's eyes.

“General contractor experienced with modular residential construction in New York”

Why it's open: AI names Affect Build, a specialist modular GC in NYC with documented volumetric modular experience in urban environments — a narrow, real niche.

How to win it: If Hudson Meridian has modular experience, a direct page naming it explicitly faces limited real competition here.

“Best construction management firm for affordable housing developments in the Bronx”

Why it's open: Bronx Pro Group wins by being explicitly Bronx-focused on affordable housing, ahead of Stagg Group and MDG Design & Construction.

How to win it: A real, named Bronx affordable-housing project from Hudson Meridian could directly contest a single-firm answer.

“Construction firm experienced with healthcare facility build-outs in New Jersey”

Why it's open: AI names Delco Medical Solutions specifically because it documents serving doctors, dentists, hospitals, and medical offices in New Jersey.

How to win it: A healthcare-build-out page for New Jersey, if Hudson Meridian has this experience, is a real, narrow opening.
