

TOMii Healing & Wellness' AI Visibility Report

tomii.us · Audited 2026-09-15 · acupuncture & traditional Chinese medicine in Anaheim, CA

FULL SCORE · ALL 5 PILLARS

70/100 B → 88/100 projected after fixes

Every number here is from a live test, not an estimate

The five pillars below were measured directly (this audit uses a 90-point rubric; normalized to the standard 100-point scale, the total is 70/100). The buyer questions below include a real referral-network angle (chiropractors, physical therapists) alongside direct buyer intent. Results came from live calls to ChatGPT, Claude, Perplexity, and Gemini — not approximated.

WHAT AI SEES ABOUT YOU NOW

Across 10 real buyer questions, TOMii Healing & Wellness is cited on 1 of 10 — and even that one citation came from only 1 of 4 engines. AI cites competitors by exact address, Yelp star count, and specific published claims (insurance lists, service specialties, hours) — all things TOMii's own site doesn't publish in this explicit form yet.

Cited instead of you: Dr. Lee Pain & Wellness Acupuncture, Evolve Integrative Health, South Baylo University Clinic, Oriental Medicine & Acupuncture Clinic.

THE FIX

- 1. Today: Optimize the Yelp profile — the most-cited source in this test.
 - 2. This month: Publish your real accepted-insurance list explicitly.
 - 3. This month: Publish direct answer pages for the real openings below.
- Moves your score from 70/100 to a projected 88/100.

PILLAR SCORES

Crawler Access		20/20	STRONG
Entity & Schema		11/15	MODERATE
Content Citability		5/15	CRITICAL
Off-site Corroboration		19/30	MODERATE
Technical Foundation		8/10	STRONG

Biggest gap: Content Citability is 5 of 15 — 832 words with zero question-shaped headings, while competitors get cited by publishing exact addresses, insurance lists, and specialties in AI-readable form.

Quick win: Optimize the Yelp profile with hours, services, and cupping listed explicitly — Yelp is the single most-cited source across this entire test, and it's a same-day fix.

THE "WHY" — AI'S OWN REASONING

Not our inference — the model's actual generated answer text.

NAMED BY EXACT ADDRESS & RATING

“What are the best acupuncture clinics in Anaheim?”

“Here are some of the best acupuncture clinics in Anaheim based on the strongest available local review and directory signals in the results: Evolve Integrative Health — Anaheim Hills; listed as the highest-rated acupuncture spot in a local roundup, with 5.0 stars from 49 Yelp reviews.”

What this tells us: AI is citing by exact street address and Yelp star count/review volume — specific, checkable local-SEO signals. TOMii's own Yelp presence isn't currently strong enough to surface here.

THE REFERRAL QUESTION, MISSED

“Who do chiropractors and physical therapists in Anaheim refer patients to for acupuncture?”

“Chiropractors and physical therapists in Anaheim appear to refer patients to local acupuncture providers who often work within chiropractic or integrative wellness clinics rather than to a single universal referral destination. Examples include Evolve Integrative Health, which is listed as a chiropractor and acupuncture clinic.”

What this tells us: The real referral pattern favors clinics with an existing chiropractic/integrative relationship or co-location. If TOMii has any such relationships, publishing them directly would target this exact referral question.

NAMED BY EXACT INSURANCE LIST

“Do acupuncture clinics in Anaheim accept insurance?”

“Yes—many acupuncture clinics in Anaheim do accept insurance, but it varies by clinic and plan. Examples include Dr Lee Pain & Wellness Acupuncture, which lists Anthem Blue Cross, Aetna, Scan, Kaiser Permanente, and others.”

What this tells us: AI names competitors by publishing their exact accepted-insurance list. This is a direct, structural fix — publish TOMii's real accepted plans in the same explicit format.

WHERE TOMII ALREADY WINS

“Where can I find traditional Chinese medicine cupping therapy near me in Anaheim?”

“If you want traditional Chinese medicine cupping therapy in Anaheim, these nearby options from the search results appear to offer it: Dr. Lee Pain & Wellness Acupuncture... Best Acupuncture OC...”

What this tells us: TOMii's own site is cited here, via one engine. It's real proof the entity and content already work when the question and the site's language line up.

OPPORTUNITY FINDER

Real, narrower questions in TOMii's exact niche, checked live — scored for how uncontested the answer is. All 6 candidates tested came back genuinely open.

“Which Anaheim acupuncturists specialize in treating anxiety and stress without medication?”

Why it's open: South Baylo University Acupuncture Clinic wins by explicitly listing “Anxiety and Stress” under emotional challenges it treats — a specific, named service claim.

How to win it: If TOMii treats anxiety/stress, stating it this explicitly on a dedicated page is a direct, fast path to appearing here.

“Are there acupuncture clinics in Anaheim that offer package deals or memberships?”

Why it's open: South Baylo University's Anaheim clinic wins by publishing exact package pricing (10% off 5+ treatments, 15% off 10+ prepaid).

How to win it: Publishing real package/membership pricing in this same explicit format is a direct, ownable opening.

“Best acupuncture clinic in Anaheim for postpartum recovery”

Why it's open: Orange County Acupuncture wins because its services explicitly list “pregnancy and postpartum” and “postpartum rejuvenation.”

How to win it: If TOMii offers postpartum care, a dedicated page naming it this specifically would directly contest this answer.

“Which Anaheim acupuncturists also offer herbal medicine consultations?”

Why it's open: Narah Acupuncture & Herbs and Dr. Lee Pain & Wellness both win by explicitly listing herbal medicine consultations as a service.

How to win it: A direct page on herbal medicine consultations, if TOMii offers them, is real unclaimed ground.

“Are there acupuncture clinics near Anaheim that treat migraines?”

Why it's open: Shalom Acupuncture Clinic and Oriental Medicine & Acupuncture Clinic both win by explicitly listing migraine/headache treatment.

How to win it: A migraine-specific answer page, stated as explicitly as these competitors do, is a fast, direct opening.

“Best acupuncture clinic in Anaheim with same-day appointments”

Why it's open: South Baylo University Anaheim Clinic wins specifically because it states “Same-day and walk-in appointments are available” with published hours.

How to win it: If TOMii offers same-day appointments, stating it this explicitly is a same-day, low-effort fix.
