

# Omega Property Investments' AI Visibility Report

omegapropertyinvestments.com · Audited 2026-09-14 · multifamily real estate syndication for passive, accredited investors

FULL SCORE · ALL 5 PILLARS

**38**/100 **F** → 76/100 projected after fixes

**Every number here is from a live test, not an estimate**

The five pillars below were measured directly (this audit uses a 90-point rubric; normalized to the standard 100-point scale, the total is 38/100). The buyer-question results below came from live calls to ChatGPT, Claude, Perplexity, and Gemini — not approximated.

**WHAT AI SEES ABOUT YOU NOW**

Across 10 real buyer questions, Omega Property Investments is cited in 0 of 10 — including “Who are the best veteran-owned real estate investment firms?”, a question Charles White's real 33-year Navy and VA career should make an easy win. Instead, AI names firms with structured, published veteran-ownership claims — Omega has none published anywhere.

**Cited instead of you:** Origin Investments, Frontline Valor Capital, DLP Capital, Ashcroft Capital.

**THE FIX**

**1. Today**

Claim and optimize the Google Business Profile.

**2. This month**

Publish Person + Organization profiles for Charles and Omega.

**3. This month**

Get cited in veteran-owned and passive-investing roundups.

→ Moves your score from 38/100 to a projected 76/100.

**PILLAR SCORES**

|                        |             |       |          |
|------------------------|-------------|-------|----------|
| Crawler Access         | <div></div> | 20/20 | STRONG   |
| Entity & Schema        | <div></div> | 0/15  | CRITICAL |
| Content Citability     | <div></div> | 10/15 | MODERATE |
| Off-site Corroboration | <div></div> | 0/30  | CRITICAL |
| Technical Foundation   | <div></div> | 4/10  | CRITICAL |

**Biggest gap:** Off-site corroboration is 0 of 30 — nothing outside omegapropertyinvestments.com confirms the fund exists: no verified LinkedIn, no press, no directory presence, no SEC Form D citation.

**Quick win:** Claim and fully optimize the Google Business Profile — currently unclaimed, a same-day fix with no dependencies.

**THE QUESTIONS YOUR BUYERS ASK**

Put to ChatGPT, Claude, Perplexity, and Gemini verbatim (not every engine answered every question). Omega came back on 0 of 10.

## THE "WHY" — AI'S OWN REASONING

Not our inference — the model's actual generated answer text.

### THE MISSED VETERAN ANGLE

#### “Who are the best veteran-owned real estate investment firms?”

*“The best veteran-owned real estate investment firms depend on whether you want commercial real estate, private equity/ syndications, or single-family investing. Based on the results you provided, these firms stand out as credible veteran-owned options with direct statements of their veteran ownership and real estate focus: Frontline Valor Capital — Veteran-owned CRE investment firm with 25+ years of CRE experience.”*

**What this tells us:** Charles's real 33-year Navy career — combat deployments, then the VA, before founding Omega — should make this an easy win. AI only surfaces firms with a stated, structured veteran-ownership claim published somewhere it can read. Omega has none published anywhere.

### CATEGORY SEARCH

#### “Who are the best multifamily real estate syndication firms for passive investors?”

*“There is no single universally “best” multifamily syndication firm for passive investors; the strongest choice depends on your goals, minimum investment, geography, and risk tolerance. Based on the firms highlighted in the results, the most frequently surfaced options are Origin Investments, Ashcroft Capital, BAM Capital, DLP Capital, and Red Brick Equity.”*

**What this tells us:** AI defaults to firms with public track records and structured content it can cite by name. Omega's real multifamily focus doesn't appear because there's nothing published that states it as clearly as these firms do.

### GEOGRAPHIC SEARCH

#### “Who are the best real estate fund managers for passive investors in North Carolina?”

*“For passive investors in North Carolina, the most relevant real estate fund managers in your search results are NC Capital Group, DLP Capital, Origin Investments, Collett Capital, Blue 22 Capital, and Avenel Capital.”*

**What this tells us:** A real, named North Carolina competitor set exists in AI's answer — Omega isn't in it, despite being a real fund investors in this exact market would want to find.

#### A STRUCTURAL QUESTION, ANSWERABLE DIRECTLY

**“Where can I find a 506(c) multifamily offering that allows self-directed IRA money?”**

*“You can find 506(c) multifamily offerings that accept self-directed IRA money on sponsors' own investor pages for accredited-only Reg D deals that explicitly say they work with SDIRAs or solo 401(k)s. Several of the results you provided say exactly that, including Rev, LuxEquity Capital, The CEO Fund, SIG Fund, and BAM Capital.”*

**What this tells us:** AI is looking for one specific phrase — a sponsor's own page stating it accepts SDIRA/solo 401(k) money for a 506(c) offering. If Omega's real offering structure supports this, publishing that exact statement is a direct, fast path to appearing here.

## START HERE

Ordered by how fast each one can be done. Points are what each recovers against the 100-point score.

### Today

Nobody else has to be involved.

#### Claim and fully optimize the Google Business Profile

+5 pts

Currently unclaimed — a same-day fix with no dependencies.

### This month

Needs writing, structured data, or outreach.

#### Publish a Person profile for Charles White and an Organization profile for Omega

+12 pts

His real 33-year Navy and VA story, structured so AI can read it — the single biggest lever on the score.

#### Get cited in veteran-owned and passive-investing roundups

+10 pts

Omega should already be winning the veteran-owned question and isn't — this is the fastest real win available.

#### Publish a direct answer page on the 506(c) / self-directed IRA offering structure

+6 pts

AI is already looking for this exact statement on sponsor sites — a same-format page is a fast, direct path to a citation.

## PILLAR-BY-PILLAR BREAKDOWN

### CRAWLER ACCESS · 20/20

STRONG

**Finding:** Every AI crawler is served a real page. Nothing is blocked.

**Fix:** No fix needed here — this pillar is already right.

### ENTITY & SCHEMA · 0/15

CRITICAL

**Finding:** No Organization schema, no Person schema, no address. AI has no machine-readable way to tell Omega apart from any other fund with a similar name.

**Fix:** Publish a Person profile for Charles White and a structured Organization profile for Omega, written into the site so AI has a record.

### CONTENT CITABILITY · 10/15

MODERATE

**Finding:** 1,543 words that read answer-first. The writing itself is not the problem.

**Fix:** Expand the 4 thin pages into 8–10 real pages: each program, your story, and direct answer pages for the questions buyers actually ask.

---

## OFF-SITE CORROBORATION · 0/30

CRITICAL

**Finding:** Nothing outside omegapropertyinvestments.com confirms the fund exists. Zero verified profiles, no press, no directory presence.

**Fix:** Claim and optimize Google Business Profile and LinkedIn; get cited in BiggerPockets, Crunchbase, and veteran-owned-business directories.

---

## TECHNICAL FOUNDATION · 4/10

CRITICAL

**Finding:** Sitemap present, but no llms.txt and no dated content anywhere on the site.

**Fix:** Add llms.txt and dated content (updates, deal announcements) so AI can see the site is active.
